 vertising columns of The Bulletin.

The Bulletin
 Norwich, Monday, Dec. 15, 1919

THE WEATHER.

The disturbance that covered the Atlantic states Saturday has passed eastward to the Atlantic Ocean and the weather has cleared throughout the eastern states. High pressure now prevails generally over the United States. The weather has become decidedly colder over all regions east of the Mississippi river and temperatures are now much below normal. Within the last 24 hours there were rains and snows in the middle Atlantic and New England states.

The outlook is for fair weather Monday and Tuesday east of the Mississippi river.

Cold weather will prevail during the next 48 hours over the eastern half of the country.

Winds of Atlantic coast: North of Sandy Hook—Strong west, fair.

Sandy Hook to Hatteras—Fresh and strong northwest, fair.

Forecast:
 New England: Fair and colder Monday; Tuesday fair and continued cold.

Observations in Norwich.

The following records, reported from The Bulletin's observations, show the changes in temperature and the barometric changes Saturday and Sunday:

Saturday—	Ther. Bar.
7 a. m.	42 30.00
12 m.	40 30.00
6 p. m.	38 29.80
Lowest 40, lowest 42.	
Sunday—	Ther. Bar.
7 a. m.	32 30.00
12 m.	40 30.00
6 p. m.	33 30.00
Highest 40, lowest 25.	

Comparisons:
 Predictions for Saturday: Rain. Saturday's weather: Foggy and drizzling rain, south wind.

Predictions for Sunday: Fair and much colder.

Sunday's weather: Rain and foggy, followed by clearing and colder in afternoon.

Sun. Mean and Tide.

Day.	5 a. m.	10 a. m.	5 p. m.	10 p. m.	Mean.
15	2.06	4.38	4.29	3.84	3.14
16	2.05	4.13	3.55	3.41	3.29
17	2.04	3.88	2.81	2.46	3.04
18	2.03	3.63	2.06	1.71	2.79
19	2.02	3.38	1.31	0.96	2.54
20	2.01	3.13	0.56	0.21	2.29
21	2.00	2.88	-0.19	-0.54	2.04
22	1.99	2.63	-0.94	-1.29	1.79

Six hours after high water it is low water, which is followed by flood tide.

TAFVILLE

Taffville experienced her first fire in some time on Saturday evening about 7:30 o'clock when a blaze was discovered in the attic of the building owned by J. T. Lambert. The local fire squad was called out and succeeded in extinguishing the fire, but not before it had burned through the roof of the building. The cause of the fire is not known. The damage to the building is slight. This is the first time the new fire apparatus has been used and it worked to perfection as did the volunteer department.

Shortly after midnight an automobile bus, loaded with young people from Ocean who had been to Whillamantic to attend a dance turned over the Ocean road near Riverdale. The bus was coming down a short hill and near the foot skidded into the gutter and turned over. The bus was going slowly at the time and those in the bus escaped serious injury, although they were severely shaken up and bruised. The bus was more or less damaged, having two broken windows, bent mud guards and running boards.

Harry Miller, local basketball player, to plumb a front tooth as a result of the game in Whillamantic on Friday evening. The tooth was knocked out by the roots.

Archie Meiler of Bay Ridge, N. Y., is spending a short furlough at his home here before being transferred to the Pacific coast.

NORWICH TOWN

Sunday morning at the First Congregational church, the pastor, Rev. Gordon Francis Bailey closed his series of sermons on the church, by preaching on "The Efficient Church."

At this service envelopes were distributed to the members of the congregation for contribution for Evangelist Gypsy Smith, Jr. It was also unanimously voted to have his father Gypsy Smith, come to Norwich next fall to conduct an evangelistic campaign.

In commemoration of the week of prayer just closed by the Seventh Day Adventists, a prayer service was held in the afternoon at the home of Mrs. Elizabeth Avery Kliney, of Town street.

There is to be a prayer meeting Tuesday morning from 10 to 10:30, at the home of Mrs. Walter Potter, of East Town street.

The Lathrop Memorial Missionary society is to hold its meeting Wednesday afternoon, at 3:30, in the Norwich Town chapel.

Having been discontinued during the recent evangelistic campaign, the weekly prayer meeting of the First Congregational church, will be resumed this week. At the Thursday evening service the subject will be: What We Inherited from the Forefathers.

Manicist Gay, who for the past few weeks has been taking a special course of study in Boston, is spending several days at his home on Upper Washington street.

Miss Underwood, who is the daughter of Mr. and Mrs. Dwight L. Underwood, of 424 Washington street, will reside at Front Hall, which is connected with the conservatory.

Mr. and Mrs. Green S. Smith, of Huntington avenue, left last week to pass several months at their winter home in Euclid, Florida. It was expected that Mr. and Mrs. Smith would arrive there Thursday.

The Neighborhood Whist Club was

NEW DAY NURSERY AT FALLS MILL

In about another week a new day nursery at the Falls Cotton company mill is to be opened, where better facilities than ever will be provided to take care of the children of women employed in the mill.

There are from 30 to 40 children, ranging in age from 3 months to 5 years, whose mothers need to have their children cared for if the mothers are to work.

The Falls company management has taken what used to be the old Farrington mill store property on Yanke street and is having it altered over for the use of the day nursery. There will be a playground, 32x40 feet, and a corridor where from eight to ten cribs will be placed. Bath and toilet rooms will be provided in the building. A steam heat will be put in. Hardwood

floors will be laid throughout and the place will be kept along the best modern sanitary lines. The nursery will be in charge of a capable woman, and it is possible that a trained nurse will be secured.

The women bring their children to the nursery at 7 in the morning, when they go to work. Some take their children home at the noon hour, returning them again if the mothers are employed during the afternoon, while in some cases the children remain at the nursery all day.

The new place for the nursery will be a great improvement over the accommodations in this line which have hitherto been provided in one of the company's tenement houses. They were found inadequate and unsuitable so that the new nursery was decided upon.

FORMER NORWICH RESIDENT DIES AT LAKESIDE, CONN.

Miss Mary Stanley of 32 Washington street, left Norwich Saturday for Litchfield to attend the funeral today (Monday) of Mrs. Matthew McKiernan.

The pastor of St. Anthony's church, Litchfield, where the services will be held, is Rev. John L. McKiernan, a former assistant pastor at St. Patrick's church, Norwich. Burial is to be in Litchfield.

Mrs. Margaret Plunkett McKiernan, 35, died Thursday at her home in Lakeside (Bantam), following a general breaking down of health, incident to age. Up to 30 years ago the McKiernan family lived in Norwich, on Fountain street, and Mr. McKiernan was employed as a carpenter. Mr. and Mrs. McKiernan were married in 1885.

Mrs. McKiernan was born in Ireland, and there are two daughters, Miss Mary E. McKiernan, who lives at home, and Nannie, Mrs. Edmund B. Locke, of New Haven; also two sons, John W. McKiernan of Litchfield and Joseph M. McKiernan, a traveling salesman.

Over half a century ago the McKiernan and Plunkett families were prominent in St. Mary's parish, where Mrs. McKiernan and her sister, Mrs. Rosanna Plunkett McKiernan, wife of the late Patrick McKiernan, taught in the Sunday school and sang in the choir.

Mr. and Mrs. McKiernan had three children, Miss Margaret Plunkett McKiernan, who was married to Mr. Joseph D. Plunkett, a 21st regiment, were well known throughout the state. Joseph Plunkett being a leading lawyer in New Haven, in which city Matthew McKiernan's family located after leaving Norwich; later they moved to Litchfield, where they had a fine farm.

Mrs. McKiernan related to the last her interest in her girlhood's home and about a year ago wrote a friend in appreciation of the gift of a volume of Mr. Gilman's history of the events of the 26th anniversary of the founding of the town of Norwich.

FIGHT H. C. L. BY SELLING OLD JUNK

The salvage bureau is saving dollars of the first federal reserve district, of which Mrs. Helen P. Whittington of Boston is director, has a new idea to fight the high cost of living. It is to sell the junk that they contain in it.

Connection cities for their consideration by Miss Gertrude Breitkreutz, director of home economics for the Connecticut women's committee.

Connecticut women are asked to strike now against the H. C. L. by getting busy and cleaning up their attics and cellars, closets, etc., and selling all of the junk they contain. It is a fact that taxes may be reduced and the cost of living lowered if thrift and salvage is practiced.

The salvage bureau has proven that throwing away material that has salvage value is thrown away. Trash has a cash value. If the women of Connecticut will go through their homes, rooms by room, not forgetting the cellar and attic, and dispose of all waste, they are creating new wealth.

DANIELSON MAN CAME BACK WITH NINE SWEEPERS

Commander W. Jacobs, U. S. N., of the U. S. S. Elder, who was home in Danielson, has recently returned from the Orkney Islands, Scotland. He came back with our nine sweepers, 25 of them, and 24 chasers, a fleet of battered and service worn ships, indeed.

During the war the United States assisted by Great Britain, laid the "mine" minefields, and the sink German ships from Scotland to Norway, or a distance greater than from Boston to Philadelphia, 7,000 miles, with 25 U. S. S. T. every 20 feet. A ship did not have to touch a mine to explode it. It took a thin submarine to get by that.

But those 35 sweepers and 24 chasers cleared that field, thanks to the loyal patriotic and daring efforts of Commander Jacobs and the other officers and men working with him. From Admiral Strauss down to the last recruit, it took six months to do it, but each day saw every officer and man more eager to get on with that task.

This mine field, the largest in the world, was laid by the navy during the period of five months, and swept clean after the war in six months.

NAVY RECRUITING PARTY COMING HERE TODAY

Lieut. S. A. Katz of the U. S. navy will arrive in Norwich today (Monday), Dec. 15, in charge of a traveling recruiting party for the purpose of acquainting the men of the district with the new and great opportunities which the navy is offering to men between the ages of 18 and 35.

Naval recruiting is booming to such an extent that the age limit has been raised to 18, and the physical requirements stiffened.

Five men from Whillamantic arrived in the New Haven office, having already enlisted at the Hartford sub-station. Lieut. Commander Buell said to the draft: "Five men from Whillamantic." A fine husky looking lad (Russell W. Whillamantic) spoke up: "Five good men from Whillamantic."

The commander told him they looked it and he was a little soft from office work they would not have to prove it to him.

JURORS SUMMONED FOR CRIMINAL COMMON PLEAS

The court of common pleas will come in in New London Tuesday morning with a jury for the trial of criminal cases. Following is a list of the jurors being summoned:

New London: James Fowler, Richard W. Johns, Frank H. Belcher, John W. Cochrane, George, Christopher E. Chapman, Arthur Maxon, Albert A. Daniels, George P. Finch, Stonington: Maurice Caswell, Charles R. Shackley; Montville: Joseph W. Collins, Chas. A. Kolb; Ledyard: Billings T. Avery; Waterford: Nelson Dayton, Charles W. Peabody, Herbert Maxon; Clarence: Gallup; Lyme: Charles E. Brooks; East Lyme: William F. Daniels; Old Lyme: Charles R. Noyes.

NATION-WIDE PAGEANT BY ST. ANDREW'S SCHOOL

At St. Andrew's Episcopal church Sunday morning the nation-wide pageant, "The Builders of the City of God" was given by the church school before a full and appreciative congregation. All the school took part in the procession.

The procession, led by the church school, the school choir, the school band, and the school orchestra, proceeded down the street, the school band playing the national anthem.

SOLDIERS CAN REINSTATE WAR RISK INSURANCE

Discharged soldiers, sailors and marines who have dropped their war risk insurance may reinstate it with providing that they make application on or before the first of January, 1920, within 8 months after discharge from the service. It will only be necessary to pay premiums for two months and sign a statement to the effect that the applicant is in good health as he was at the date of his discharge.

No physical examination is required. In case a man was discharged over 18 months ago he can be reinstated if he will make application before December 31, 1919. It will not be necessary to reinstate the full \$10,000. A person may reinstate \$1,000 or more.

Provision has also been made to permit persons to convert their war insurance to other kinds of government insurance such as ordinary life, twenty payment life and twenty year endowment. The government is to remain in the insurance business for the benefit of those who served in the war.

Every discharged soldier or his dependents should be interested in the above matter and immediately write to or wash on the Department Insurance Office, Room 117, 29 Chaucery Street, Boston, Mass. All information will be furnished and assistance given at that office or through the mail.

DIVORCE FOR MRS. JACOBS BUT ALIMONY UNDECIDED

Glady's W. Jacobs of Hartford, a summer resident in Neptune park, Ocean Beach, has been granted a divorce from Raymond B. Jacobs, also of Hartford under a decision filed by Judge John E. Keeler, in the superior court in Hartford, Friday.

The divorce has been bitterly contested for several months and has attracted considerable attention.

In his memorandum of decision Judge Keeler says the report of John W. Cogan, as the committee of the court who heard the case, that Mrs. Jacobs is entitled to alimony of \$40.00 and full custody of the child born of the marriage, is not conclusive on the court. He says a further hearing on these points may be had if desired, and without the taking of further testimony.

The new main building of the Masonic home at Wallingford was dedicated on Saturday afternoon, when the large assembly hall and corridors were filled with the attendance of Masons and members of the Eastern Star.

In the dedication ceremonies Past Grand Master Fred A. Verplank of South Manchester, president of the board of managers of the Masonic Charity Foundation of Connecticut, made the address of welcome, to which Grand Master Wallace S. Moyle of New Haven made response.

The request for the dedication of the building was made by Past Grand Master Thomas McKelvie of Westerly. Many of the rooms of the new building will be furnished by lodges and Eastern Star chapters. The equipment for the rooms will be uniform in fittings and their cost.

District Deputy Arthur N. Nash of Westerly.

The new main building comprises a general section of four stories and ground floor, 105 feet wide and 36 feet deep, with north and south wings, each 45 by 25 feet. Each wing has three stories and a ground floor. The assembly hall seats 500. On the fourth floor of the central section is the hospital and infirmary.

Before Judge Walter in the court of common pleas at New London, Saturday morning Manuel Fernandez, through his counsel, Frank L. McGuire, sought a temporary injunction to restrain Annie Slade and the lodge of Odd Fellows in New London from ejecting Mr. Fernandez from the premises he occupies in the Odd Fellows' hall on Bank street. Attorney McGuire made the argument and presented his case during that argument but Judge Walter denied the motion.

"I Know Just the Gift They Need—Kryptoks"

"Kryptok Gift Certificates will easily solve my Christmas gift problem."

"I can picture my friends now. In the very act of receiving the Certificates each will reveal one of the three 'eye-marks' by which you can always tell people who need Kryptoks. One will peer awkwardly over his reading glasses; one will immediately shift glasses; and the third will be wearing her old-fashioned bifocals with their ugly seam. But when they wear Kryptoks, as I do, all their eyeglass troubles will end, and no one can tell that their eyes require double-vision glasses."

Kryptoks enable the wearer to see near and distant objects with equal clearness. They do not have the age-revealing seam or hump of old-style bifocals. Any friend of yours who exhibits one of the "eye-marks" of the per-

KRYPTOK GLASSES
 THE INVISIBLE BIFOCALS
 son who needs Kryptoks will greatly appreciate them as a Christmas gift. Drop in and let us tell you how easy it is to make somebody a present of a pair of Kryptok glasses.

THE ECOMETER

INVENTED BY THOMAS A. EDISON, JR.
SAVES GASOLINE, DECREASES CARBON, KEEPS MOTOR RUNNING COOLER AND SMOOTHER
WILL INCREASE YOUR MILEAGE FROM TWENTY TO FIFTY PER CENT.

This remarkable invention is a scientifically constructed instrument designed to be attached to the primary air inlet of any carburetor of any motor car. Its purpose is to decrease the consumption of fuel, and increase the general efficiency of the motor.

HOW IT SAVES GASOLINE

The Ecometer allows an increased amount of air to enter the mixture of gasoline and air, over and above what most carburetors can possibly admit. It does this positively and automatically.

MAKE THIS TEST PROVE IT FOR YOURSELF

This test will prove beyond question the great value of the Ecometer.

Adjust the carburetor for the best possible operation of the engine. Then install the Ecometer and start the engine. You will find your motor choking up with fuel, necessitating turning down needle valve of carburetor to meet the new conditions. This is positive and visible proof that gasoline is being saved.

Assuming the motor is working at the best before installing the Ecometer, you will find the Ecometer will increase your mileage anywhere between 20 and 50 per cent.

The Ecometer is simple and durable in construction, automatic in action, positive in results.
